PTI Utility Supply Ltd. serves the electrical industry in various capacities including transformers, and high voltage equipment. Established in 1992, PTI Utility Supply Ltd. was initially founded as the sales distributor of Partner Technologies Inc. (PTI) and several other product lines.

Our involvement in the electrical industry requires us to keep abreast of all new products and developments in order to perform our daily tasks effectively. You can see by the list on the right, PTI Utility Supply Ltd. represents only the highest quality manufacturers and suppliers in North America.

We can provide technical service and support on transformers for the electrical industry. We have immediate access to the usual components and equipment required to repair most transformers.

If you require any of the products or services mentioned here, please don't hesitate to call. Our knowledgeable staff have many years of experience in the business. They would be glad to help you with any questions or concerns you may have.
